

REMARKS

Claims 1-21 are pending. Claims 17-21 have been added. Claims 2 and 3 are in independent form.

The specification has been amended to correct a clerical error.

Applicants submit that the added claims and the amendments to the specification made herein are supported by the original disclosure, and therefore no new matter has been added.

Claims 1-16 are believed allowable for the reasons set forth in the Amendment filed on June 13, 2006. Claims 17-21 depend from Claim 3, and hence are believed allowable for at least the same reasons. However, since each of Claims 17-21 is also deemed to define an additional aspect of the invention, the individual consideration of the patentability of each on its own merits is respectfully requested.

In view of the foregoing amendments and remarks, Applicants respectfully request favorable reconsideration and early passage to issue of the present application.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,
